## DEDICATED SERVICE ENGINEERS IN YOUR AREA

**We know that getting the best from your crane is crucial to your business. Every hour that your crane is out of action costs both time and money. What you need is an expert Service and Repairs team on hand locally to minimise downtime of your lorry crane and keep you on the road.**

We have dedicated, experienced and qualified Field Service Engineers working in your area, successfully carrying out repairs on-site to get cranes just like yours back into action quickly.

- **Largest national network of wholly-owned, ALLMI accredited mobile service engineers in the industry**
- **24-hour emergency roadside breakdown cover throughout the UK**
- **Fully equipped service vans carrying a wide range of parts and all the necessary Palfinger and Epsilon diagnostic equipment**
- **Tracked, next day parts deliveries with 93% first-time pick rate**
- **Dedicated service control centre managed by experienced personnel from engineering backgrounds**
- **Menu and fixed price servicing options, delivering exceptional quality and value**
- **Latest technology with digitised inspection sheets auto-emailed instantly**
