

# BESPOKE & SPECIALIST BODY BUILDING

**T H WHITE has a strong reputation for installing premium Palfinger cranes on a wide range of vehicle chassis. Less well known is the fact that T H WHITE operates state-of-the-art body building workshops where our skilled technicians will build any kind of body to suit your application.**

The bodywork options offered by T H WHITE are almost limitless. Literally working from the ground up, our technicians start with the bare chassis and build the bodywork exactly to your specification. We can incorporate steel, alloy, GRP or cage-style drop side sections, safety rails, walkways, central stairs, water tanks, storage compartments, electrical systems and a whole range of specialist designs to meet individual requirements.

All body types

Drop sides

Safety rails

Walkways

Curtain sides

Electrical systems

Access stairs

Water tanks

Storage compartments

**This all-in-one Barrier Rig – widely used by highways contractors – is a good example of the versatility of T H WHITE’s body building capabilities.**

The on-board Palfinger crane and Orteco pile driver are augmented by specialist bodywork including a payload/operative deck, central access stairs, dropsides and safety rails, lighting, tanks and storage compartments.

Vehicle bodies will be built to your precise specification.

- Keruing, Wisatrans and Findeck flooring types available
- Dropsides can be fitted with Pesca or Antiluce locks

Pesca lock

Antiluce lock

Stepped and gated rear access on a pole erection, street lighting vehicle.

Fall prevention rail, independent of dropside.

Storage options include extinguisher, chocks and tool boxes.

Low entry non slip access steps to body with lighting and full height lockable door.

Beaver Tail on small to medium size chassis

Alloy Dropside with choice of locks

Dropside with tarp cover

**These are just a few of the many body styles and finishes available from T H WHITE.**

T H WHITE has been in business for more than 180 years and we pride ourselves on a reputation built on excellent customer service. Our commitment to you continues long after you have made a purchase – we cover all bodywork with a 2-year warranty.

So, if you are considering a new bespoke vehicle built to the highest standards at a competitive price, talk to T H WHITE today. You might be surprised at just what we can do for you.

Curtain-sider small truck

Street lighting with bolsters and rear access

Wisa deck flooring with aluminium overlay
